

COMPLETE AUTOMATIC REFRIGERANT MANAGEMENT SYSTEM

July 2013

**LOOK INSIDE
TO SEE WHAT'S
NEW IN 2013!**

AUTOMATIC REFRIGERANT

Since 1969, WURTH USA has been a trusted partner to the Automotive Maintenance and Repair industry. With the introduction of our new Automatic Refrigerant Management System in 2011, we continued with our tradition of providing innovative solutions to our customers.

This system is SAE J2788H and J2788 ETL approved and OEM approved for use in high voltage A/C systems.

With the press of one button, you get full cycle recover/recycle/evacuate/recharge to bring the vehicle back to factory spec. The other buttons give you the flexibility and efficiency for specific A/C services.

Advantages of the unit include oil injection for work savings, faster vacuum/charge, and an ABS plastic cabinet with rounded corners to prevent damage to cars.

Available Models			
Standard Automatic Refrigerant Management System	W050400010	Standard Automatic Hybrid Compatible Refrigerant Management System	W050400011
Special Automatic Refrigerant Management System NEW IN 2013!	W050400015	Special Automatic Hybrid Compatible Refrigerant Management System NEW IN 2013!	W050400016
Deluxe Automatic Refrigerant Management System	W050400012	Deluxe Automatic Hybrid Compatible Refrigerant Management System	W050400013
<ul style="list-style-type: none"> • Special versions include printer • Deluxe versions include printer and identifier 		Heavy Duty Automatic Refrigerant Management System (w/ 5 CFM pump and 15 ft hose for Semi Trucks, Off Road & Aircraft)	W050400014

Features Include:

Twain 1/2 hp compressors for speed and reliability.

No one else is using two compressors in their system. Two compressors allows us to recover the refrigerant faster and keep the unit in service even if there is a compressor failure (The unit can still operate using one compressor) Using two compressors also saves in maintenance cost of the vacuum pump.

Fully automatic.

Our unit is a true hook up and walk away unit. Other machines require the technician to come back to the vehicle and do other functions to complete the job. With our unit, it is entirely automatic; when the unit beeps and the cycle is complete, the service is done and you can send the customer on the way.

Onboard diagnostics. With this feature we can pinpoint what component is causing an issue and get the right part ordered right away.

This gives you the ability to break free of the need to use an expensive service center when the unit is out of warranty.

Refrigerant management system that keeps track of information on A/C service work. This feature tracks the usage of the unit and refrigerant. With refrigerant costing more and more this feature will stop employee theft. It is also required in most states to track refrigerant usage by each shop.

50 lb. storage tank. We have the largest storage tank capacity in the industry. This extra capacity allows us to service larger vehicles like semi trucks, off road equipment, buses and aircraft.

Lifetime technical support.

All units made in the USA.

MANAGEMENT SYSTEM

- OEM approved for use with high-voltage A/C systems
- SAE J2788H and J2788 ETL approved
- Made in the USA

One button for fully automatic recover / recycle / evacuation / recharge.

Delivering PERFORMANCE you need.

- Improved charge program for faster vacuum charge and proper charge every time.
- Maintenance reminders.
- 10-foot premium hoses for easy connection to even hard-to-reach fittings.
- Approved to SAE J2197.
- Automatic scale calibration to $\pm 1/4$ oz exceeds industry specs and assures accurate charging every time.
- High impact ABS plastic cabinet with rounded corners and edges to help prevent damage to vehicles.
- Lifetime technical support.
- Modular design for easy repair and maintenance.
- 3.5" color-coded gauges with follower needles are easy-to-read even from inside the vehicle.
- For preventative maintenance, an LCD alerts the technician to change vacuum pump oil and filters.
- Technician can choose from high or low side charging for autos with only one service fitting.
- Large pneumatic tires for ease of mobility.
- One-year parts and labor warranty.

Specifications

Recovery Tank	50 lbs	Vacuum Pump	2-stage 3 cfm
W x D x H	19.5" x 29" x 45"	Hoses	10 foot
Weight	219 lbs	Air Purge	Automatic
Compressors (two)	1/2 hp hermetic	Hour Meter	Yes

ON-BOARD PRINTER AND IDENTIFIER FOR SPECIAL & DELUXE AC MACHINES

Printer

The on-board printer will give you the ability to print a job ticket including an R/O (repair order) number. The printer can perform the following print-outs:

Job Report Example

Total Job Report Example

Identifier

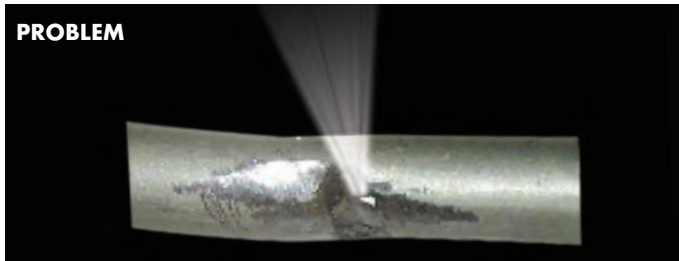

The refrigerant identifier will ensure that the refrigerant being recovered is at an acceptable purity level (98%) to prevent cross contamination of refrigerant. The refrigerant identifier will also tell you content of Air and HC (hydrocarbons/flammable material).

Benefits of the Identifier:

- Utilizes dispersive infrared (NDIR) technology to determine the weight concentrations of R12, R134a, R22, hydrocarbons and air.
- "Blend-ID" analytical software identifies all EPA S.N.A.P. approved blends.
- Identifies illegal replacements and blends including propane and butane.
- Quickly and automatically determines if the purity of R134a refrigerant is at industry acceptable levels.

WURTH UNIVERSAL LINE SPLICES

Quick, durable line repair without line removal!

The labor cost to replace a leaking underhood metal line often drives customers away.

Remove only the damaged section and splice the line back together for a permanent, leak-free repair in minutes.

New 45° and 90° SAE Fittings!

NEW IN 2013!

Quickly replace damaged metal line bends or reconfigure a line!

PROBLEM

Need to repair a metal line at a bend, or replace a corroded angled fitting?
 Want to re-route a metal line around a component?
 Too sharp a bend can weaken a metal line and shorten its service life.

SOLUTION

Keep a few WURTH Line Splice fittings on hand and you'll get repairs out the door faster than your competitors. Each product combines the superior sealing technology of WURTH Line Splice with durable cast aluminum angled fittings and OE-fit connector design. You get a reliable repair in 5 minutes with no special tools or adhesives required.

45° SAE Fitting

Art. #	Description
0764076061	Line Splice 45 Degree for 1/2" OD line
0764076062	Line Splice 45 Degree for 3/8" OD line
0764076063	Line Splice 45 Degree for 5/16" OD line
0764076064	Line Splice 45 Degree for 5/8" OD line

90° SAE Fitting

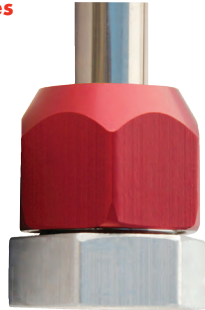

Art. #	Description
0764076071	Line Splice 90 Degree for 1/2" OD line
0764076072	Line Splice 90 Degree for 3/8" OD line
0764076073	Line Splice 90 Degree for 5/16" OD line
0764076074	Line Splice 90 Degree for 5/8" OD line

MORE UNIVERSAL LINE SPLICES

Line Terminator

Blocks damaged and/or unused AC lines

- Blocks off leaking rear evaporators
- Installs easily in-line or at front system "T"
- Helps maximize front AC performance

Art. #	Description
076408012	Line Terminator 1/2"
076408038	Line Terminator 3/8"
076408516	Line Terminator 5/16"
076408058	Line Terminator 5/8"
076408034	Line Terminator 3/4"
076408008	Line Terminator 8mm
076408010	Line Terminator 10mm
076408112	Line Terminator 12mm
076408015	Line Terminator 15mm
076408016	Line Terminator 16mm
076408001	Line Terminator SAE 5 pack
076408002	Line Terminator SAE / Metric 10 pack

In-Line Service "T"

Quickly replaces defective or hard to reach service ports

- Durable repair
- No brazing or welding required
- Installs in minutes
- Available for high and low sides

Art. #	Description
076406012	Low side 1/2"
076406038	Low side 3/8"
076406058	Low side 5/8"
076406010	Low side 10mm
076406112	Low side 12mm
076406015	Low side 15mm
076406018	Low side 16mm
076406516	High side 5/16"
076405038	High side 3/8"
076405012	High side 1/2"
076405010	High side 10mm
076405112	High side 12mm
076405008	High side 8mm

Line Splice

Quick, durable line repair without line removal

- No crimping tool or adhesives required
- Compensates for out-of-round or scratched tubing
- Complete your repair in minutes, not hours
- Leak-free - install it and forget it

Expanded seal sleeve - more sealing area

Anti-vibration tension ring - resists vibration leaks

Art. #	Description	Art. #	Description
764076003	Line Splice Repair Kit 5/16"	764076008	Line Splice Repair Kit 8mm
764076002	Line Splice Repair Kit 3/8"	764077010	Line Splice Repair Kit 10mm

0764076000	Multi-Size Repair Kit (ONE Splice body with 5/16", 3/8", and 1/2" internal components)	0764076101	Line Splice SAE 5 pk
		0764076102	Line Splice SAE/Metric 10 pk

New Smart Splice Line-to-Hose Connector

NEW IN 2013!

Quickly connect metal line to rubber hose

PROBLEM

When a metal-to-rubber A/C line is damaged, you often must replace the complete OE line. If the line is not in stock locally, you inconvenience your customer by waiting for a replacement line.

SOLUTION

Quickly and easily connect A/C reduced barrier hose to metal line using WURTH's new Smart Splice Line-to-Hose Connector.

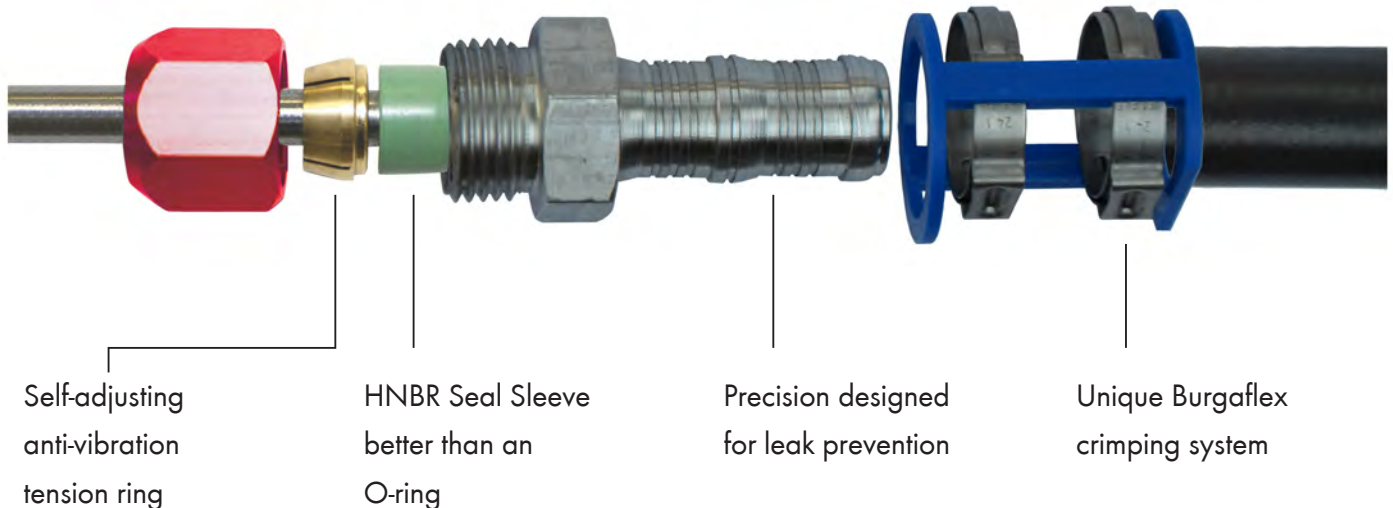

Seal technology superior to traditional compression fittings!

Meets OEM performance and durability requirements!

Art. #	Description
0764076701	Smart Splice Conn 1/2" Line to #8Hose
0764076702	Smart Splice Conn 3/8" Line to #6 Hose
0764076703	Smart Splice Conn 5/16" Line to #6 Hose
0764076704	Smart Splice Conn 5/8" Line to #10 Hose
0764076705	Smart Splice Conn 3/4" Line to #12 Hose

- Leak-proof Line Splice technology on the metal side of the connection
- Superior Burgaflex hose crimp technology on the rubber side
- Installs in 5 minutes

EVEN MORE UNIVERSAL LINE SPLICES

New Smart Splice AC Reduced Barrier Hose

NEW IN 2013!

Quickly replace damaged reduced barrier hose

PROBLEM

One hard-to-find hose can hold up a repair.

SOLUTION

Don't put your customer on hold waiting for an OEM AC hose delivery. Build your own with WURTH's Reduced Barrier Hose and keep your customer satisfied.

Build your own hoses for more profit and faster repair completion!

- Flexible hose offers higher bend radius for easy routing
- Durable, leak-proof hose
- Compatible with R134a and other automotive refrigerants

Art. #	Description
0764076741	# 6 Reduced Barrier Hose - 25 Foot
0764076742	# 8 Reduced Barrier Hose - 25 Foot
0764076743	# 10 Reduced Barrier Hose - 25 Foot
0764076744	# 12 Reduced Barrier Hose - 25 Foot

CLICK-LOCK AC SECURITY SYSTEM

Patented cap shows if AC system has been opened

PROBLEM

Not knowing if someone accessed the AC system since you last worked on the vehicle.

SOLUTION

With WURTH's Click-Lock AC Security System, you'll know!

- Alerts you to check for potential refrigerant cross-contamination
- Easier customer communication - with proof that system has been opened
- Easy Repair Order tracking - with unique serial numbers
- Helps prevent others from unknowingly causing system problems

Art. #	Description
0764060018	Click-Lock 20-pack (10 low side, 10 high side)
076406002	Click-Lock 100-pack (50 low side, 50 high side)

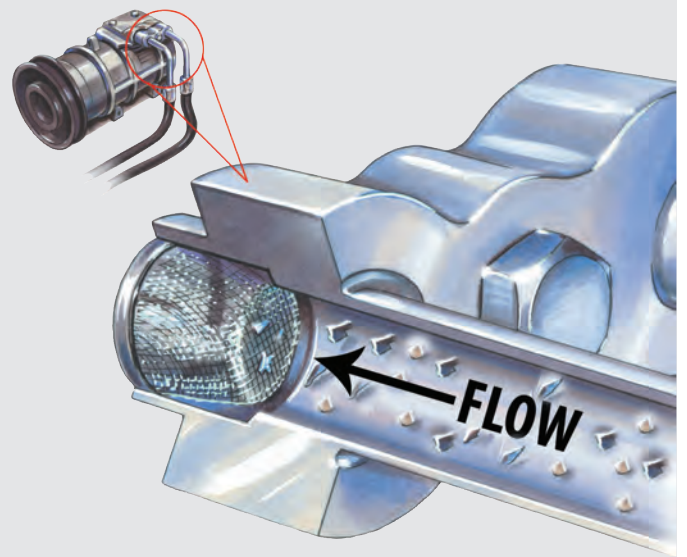

WURTH COMPRESSOR GUARD SUCTION SCREEN KIT

INEXPENSIVE INSURANCE AGAINST COMPRESSOR COMEBACK

Compressors blast debris into both sides of the AC system when they fail.

When compressors fail, the debris can go toward both the condenser and the accumulator or evaporator. To protect replacement compressors without factory installed screens, installation of suction screens are strongly recommended. WURTH USA has introduced a complete suction screen kit. Replacement screens are also available.

- Traps suction line debris before it can be sucked into your compressor repair
- Catches debris that flushing misses
- No hose cutting
- Allows free lubricant flow
- Installs in 5 minutes
- Removal tool included

OEM Recommended

GM Technical Service Bulletin #01-01-39-003 for J-44551 AC Suction Screen Kit
Suction Screen use is also suggested in the Motorist Assurance Program (MAP) AC Repair Guidelines

What does an AC Comeback cost?

Comeback Cost

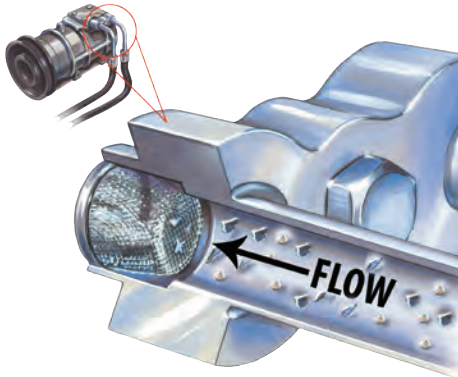

Labor Redo (3 hrs @ \$20 each)	\$60
Lost Billable Hours (3hrs @ \$70 each)	\$210
Lost Parts Sales (lost billable hours)	\$120
Additional Overhead Cost	\$60

TOTAL COMEBACK COST (LOST PROFIT) \$450

WURTH COMPRESSOR GUARD SUCTION SCREEN KIT (cont.)

COMPRESSOR GUARD

PROBLEM

A global carmaker needed to reduce excessive warranty expense on replacement AC compressor installations.

SOLUTION

WURTH's Compressor Guard Suction Filter Kits. Reduces compressor warranty expense by up to 50%.

AC LUBRICANTS

**BOTH AVAILABLE THROUGH
SPECIAL ORDERS ONLY!**

VACUUM PUMP LUBRICANT

- **A partial synthetic blend formulated to improve performance and extend vacuum pump life**
- **Compatible with all brands of vacuum pump**
- **Provides low volatility and high resistance to oxidation**
- **Controls carbon and varnish deposits in vacuum pumps**
- **Non-toxic and non-hazardous**

Art. #	Description
8861764000	Vacuum Pump Lubricant

Caution: The use of gloves and goggles is recommended when handling this product, as with any other chemical. For additional safety information consult MSDS. To our best knowledge the information and recommendations contained herein are accurate and reliable.

HYBRID AC COMPRESSOR LUBRICANT

- **Provides excellent lubricity and air conditioning system compressor protection**
- **Intended for use in electric air conditioning compressors of the type found in Hybrid and Electric vehicles**
- **A high dielectric protection formula with excellent “resistivity” to potential electrical leakage in high current AC systems**
- **Includes additives to prevent acid formation and corrosion in air conditioning and refrigeration systems**
- **Will not harm air conditioning systems or recovery equipment and tools**

Art. #	Description
0893050508	Hybrid AC Compressor Lubricant

Caution: The use of gloves and goggles is recommended when handling this product, as with any other chemical. For additional safety information consult MSDS. To our best knowledge the information and recommendations contained herein are accurate and reliable.

DUAL AUTOMATIC RECYCLE GUARD

DEBRIS, SEALANT AND CONTAINMENT SEPARATOR

Works with Automatic AC Service Equipment

- **Save time changing filters - why buy 2 filters when you can buy 1**
- **No technician input required - switches automatically from recover to recharge**
- **1 unit connects to both high and low sides simultaneously**
- **Traps debris, sealant and other contaminants**

Art. #	Description
0764075000	Dual Automatic Recycle Guard for R134a (includes 2 x 36" service hoses)
0764075100	DARG Hose Assembly Kit - Includes 72" High Side and Low Side Charging Hoses with quick couplers & High and Low Side Quick connect service adaptors for DARG
0764075112	DARG Replacement Filter - Two Pack

WURTH AC CHARGE GUARD

Protect electronic compressors from contaminants

Eliminates electrical damage due to PAG Oil entering electric compressors. (hybrid vehicles)

Revision 07/2013_CompleteRefrigMgmtSystem

© 2012 WURTH USA, Inc.

Art. #	Description
0764072161	AC Charge Guard Hybrid, w/ 36" Hose
0764072162	AC Charge Guard Hybrid Replacement Filter - 2 pack

NEW IN 2013!

No hose flush cycle needed - save time and labor!

- Allows no more than 100 ppm liquid or other contaminants into vehicle AC system during recharge
- 100 ppm is only 1/10 the 1,000 ppm limit proposed for SAE J2788H
- One unit handles both High and Low side refrigerant charging simultaneously

AC Charge Guard
Hybrid Replacement Filter

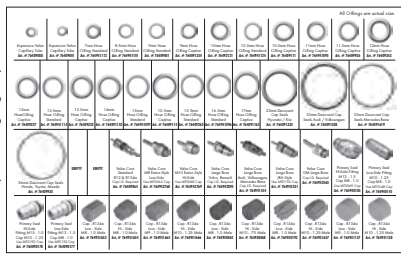

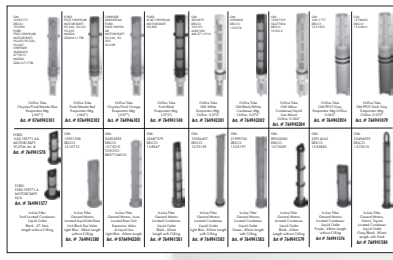

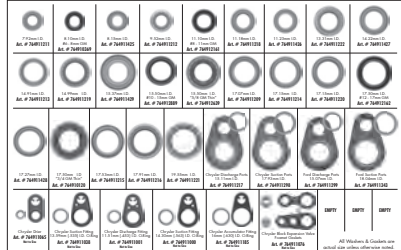

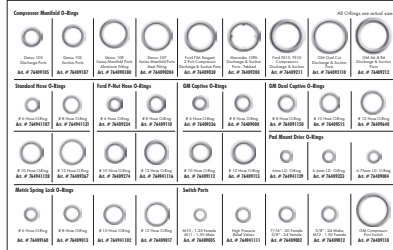

WURTH MASTER MOBILE AC ASSORTMENT

- O-Rings and seals comprised of A and B Mover Rapid Seal Kits!
- Kits cover 80% of models from 1994 - 2010!
- Newest sealing media for late model vehicles!
- Sealing washers, tear-drop metal gaskets for 2002 - 2010!
- Newest orifice tubes for GM and Ford - black/white - grey PPOT
- New valve core - Audi/VW, Mercedes - large bore - purple valve core
- Replacement OEM in-line filters (10) part numbers!

ONLY \$199.99!

WURTH RAPID SEAL KITS

The development of the Rapid Seal Kit has changed the way counter personnel and technicians source Sealing Media requirements for their AC repair jobs today.

These kits service the entire system's connections including rear AC vehicles and are cataloged by Make, Model, Year and Engine. They provide a simple solution to a once dreaded task of searching through Box Kits for many small items to do one job.

- **All the seals to complete the job**
- **Buy and bill by the job**
- **Increase your sales and profits**
- **2010 to 1985 applications**
- **Fast and easy - no more seek and find**
- **Over 97% of the US vehicle market**
- **SUV and Van Rear Air applications**
